VICE-CHANCELLOR OF
TRIBHUVAN UNIVERSITY
PROF. DHARMA KANT BASKOTA

Dear Mr. Baskota,

I am glad to invite the students of your University to participate in the annual Churkin Moscow International Model United Nations 2021 conducted by the United Nations Association of Russia and the Moscow State Institute of International Relations (MGIMO-University) under the auspices of the World Federation of the United Nations Associations. The program of the Model is attached below.

The Model is to take place in Moscow on *April from 18 to 23, 2021* at MGIMO-University* on Vernadsky Prospect, 76.

Our Model UN is well-known not only in Russia: around 700 delegates from different countries participate in the event annually. The work of thirteen committees is to be simulated in Russian, English, French, Spanish, Arabic, and Chinese at the coming conference. To provide a high level of discussions, the Secretariat conducts a competitive selection of participants and begins working with future delegates shortly after the registration that has just opened on December 14.

It is strongly recommended to the participants to arrive in before the opening of the Model UN in Moscow in order to take part in preparatory trainings. At the trainings the participants will get additional useful information on the functioning of the Model and the matters concerned and find answers to the questions that they might still have. More detailed information on the Model's agenda, application procedure and preparation for the C-MIMUN can be found on the web site www.modelun.ru.

I hope that the cooperation between our universities will be fruitful and would be glad to welcome students of your University at the Churkin Moscow International MUN 2021.

Warm regards,

Chairman of the UNA of Russia,
Rector of MGIMO-University

Anatoly Torkunov

*Due to the COVID-19 pandemic, the format of the event may change. As soon as we know the exact information, we will inform you immediately.

Program of the Churkin Moscow International Model United Nations 2021
